

Dear musicians,

The **Associació Orquestra Simfònica Segle XXI** is organising the **35<sup>th</sup> gathering of the Orquestra Simfònica Segle XXI**.

The Summer gathering 2024 will mark **25 YEARS for the OSSXXI !**

Five years ago, the musicians of this orchestra united energies and wills to ensure that their orchestra would not disappear. The situation was critical and it would have been the case without that joint effort. The orchestra resurfaced, and in such a way! Coinciding with its 20<sup>th</sup> anniversary and preparing Beethoven's Ninth for such an occasion.

Who could have imagined what was to follow. A pandemic with impact in all sectors that had a devastating effect for the performing arts. A resulting socio-cultural and economic crisis -aggravated by the international military conflicts- which tends to place culture out of the priorities, both in the context of public sector administration and of households' daily choices.

In spite of it all, we carried on, asserting the doubtless determination of those who have believed in the OSSXXI project to this day.

We want to celebrate our fourth of a century by also commemorating the 200 years since Anton Bruckner's birth, with an ambitious symphonic & choral program. Maestro **Jordi Mora** will be as always our guide for meticulous and in depth work through the lenses of music phenomenology.
